CONCENTRATION

of the reader upon an advertisement is what every advertiser desires. All recognize that the Directory has long been a valuable medium—with its four thousand copies, its method of free distribution, and its constant and indispensable use for a period of over seven months. But many advertisers complain that it is crammed with too many ads, thus lessening its efficiency as a medium.

¶ Have any of you ever read *Printers' Ink* (A Journal for Advertisers)? You will remember that nearly every other page is an advertisement, and that you read most of them in their entirety and that you read all the headlines. You did so because each of those ads was written with thought and an appreciation of phychological principles.

¶ Now look through this Directory and see how many ads were so thought out. Reread yours and see what improvements might be made. Take a pride in the announcements that appear over your name, even though you are only a second-hand clothes man, and you will find men eager to read what you write.

Preface

¶ This Directory is dedicated to the constant use of some five thousand students, faculty, and business men. In order that it might be an efficient directory great care has been taken in compiling and revising all names and addresses. With some it was impossible to obtain complete information. Our most serious difficulty, however, was caused by the change of names and numbers of Champaign streets. As there were no records of the corresponding old and new numbers to serve as a guide, we were forced to change all old numbers to new by means of a standard chart. For this reason certain errors of address crept in. We trust that these errors will result in no serious difficulties.

¶ It has been our aim to make the Directory as attractive a book as possible. We take pleasure in introducing the larger size, believing that it presents a better book—one easier referred to and more conveniently preserved.

¶ Such a Directory is only made possible by those merchants who support it. Each merchant solicits the patronage of each of you. We ask that you observe the advertisements contained in this little book and that you make general use of the classified list of advertisers.

To Learn Values

Here is the place to obtain real values coupled with the latest College Styles.

Here it costs no more to buy a pair of HANAN & SON'S or CRAWFORD'S College shoes than you pay for shoes not worth as much by $1.00 to $2.00 per pair.

Morse's BOSTON MADE Clothes

Are worn by many of the College men of the Eastern Universities. A favorite with Business Men and Particular Dressers everywhere.

Velvet

THE SMOOTHEST TOBACCO

All the comforts—

When good fellows get together—then Velvet is supreme This superb leaf has hung in the warehouse over two years—a tremendous change—all harshness is nullified—the leaf grows rich—remarkably smooth—and in the pipe, Ye gods! what a smoke! It's too smooth to bite—too mellow to be anything but the best smoke on earth. That's why it's called Velvet. One tin is a revelation. At all dealers.

Our Fall Stock of Shoes Is In

We buy direct from the factories, which means we pay but one freight and one profit. The small store generally buys from the jobber, meaning two freights and two profits. We figure on 30 per cent profit, and it takes 20 per cent to pay expenses.

Does it look reasonable that one can be given $1.00 a pair by a dealer and he make a living? When you find a dealer offering to do this you want to watch his line, or him for he is likely to be fooling you.

This is the old reliable shoe store that stands for quality and honest treatment.

A share of your trade will be appreciated.

cordially extends to all students a hearty invitation to attend any and all of the services of the various University churches.

WHY MAGNIFY THE CHURCH?

¶ *Because,*—She has erected in every town throughout the universe Meccas of beauty, love and power.

¶ *Because,*—She saved culture and civilization to the world in the dark ages.

¶ *Because,*—Great philanthropic movements have found their inspiration in her and great orders have grown out of her.

¶ *Because,*—Gross evils have been uprooted by her and reforms carried through by means of her.

¶ *Because,*—She has founded schools and colleges.

¶ *Because,*—The literature, the art and the music of the world have been produced in her.

¶ *Because,*—She has taught men to love, honor and to seek purity.

¶ *Because,*—She has comforted men in their sorrows and inspired youth to noble lives and deeds.

¶ *Because,*—She is transforming the ancient civilizations of the Orient into something high and beautiful.

¶ *Because,*—She is leading men to banish torture, cruelty, slavery and immorality from the world.

¶ *Because,*—She is addressing herself to removing the great evils that remain,—intemperance, vice, corruption in business and politics, economic injustice, race prejudice and war.

Telephone Directory 3

PREFACE

No directory is absolutely correct when it is printed. If your address is lacking or incorrect, remember that you either forgot to put it on your registration blank or to notify the registrar when you moved.

The telephone directory by street numbers (page 3) is added with the hope that it will be of assistance in obtaining the numbers which were not placed on the registration blanks.

Besides literally handing you the book, our advertisers actually footed the printing bill by advertising. Such merchants alone deserve your support.

We wish to thank both Dean Clark and Mr. Smith of the Registrar's office for their aid and criticism in the preparation of this directory.

THE ALBERT TEACHERS' AGENCY

623 South Wabash Avenue, Chicago, Illinois.

An Agency that has "stood the test of time," that has built up a large business with the best schools in the country, that has filled positions in every State University, in three-fourths of the Colleges, many in the Normal Shcools of the Middle West and far West, as well as some in the East, that has filled thousands of High School and Grade positions, is the Agency that appeals to the thoughtful teacher who wants real service. Our booklet, "Teaching as a Business," sent free. By the way, more than 2000 copies of this booklet were sent for by Departments of Education in Universities and Normal Schools to be used in their classes. Thirty-first year.

Accomodating and Prompt

JOB PRINTERS

We have made sacrifices to earn and keep our reputation as prompt and accommodating printers, but then what is a sacrifice to those who really care for your business? Look for the sign—end of street car line in Urbana.

OUR POLICY

Our business was established on a Quality basis. It has grown because we act on the belief that we can maintain our position just so long as we make better goods than our competitors—and no longer. Our theory is that we can best serve ourselves by supplying our customers the best goods. We have not merely the desire to make the best goods, but the means of converting that desire into a reality.

PREFACE

We offer this volume without apologies. It is hoped and believed that this is the most nearly accurate Directory so far compiled. If your name is listed incorrectly, remember that ninety per cent of the mistakes are caused by your illegible writing, omissions, or subsequent changes. Further responsibility is accepted by us.

We wish to acknowledge our indebtedness to Dean Clark and the members of the Registrar's corps for their assistance in compiling this book, and to President James and the University authorities for making possible the folder of the University and environs.

The merchants represented in this volume have taken this means of commending their business to you. They are men who are always willing to support and encourage anything that shall be for your convenience, as a community.

Much credit is due the printer and binder for the early appearance of this Directory.

THE Growth of this Agency is proof of its success. Established over thirty years, the volume of business has increased annually. Our business in 1915 is more than twice what it was in 1910. Truly, school officials like to secure their teachers from us. Send for our booklet, "Teaching as a Business."

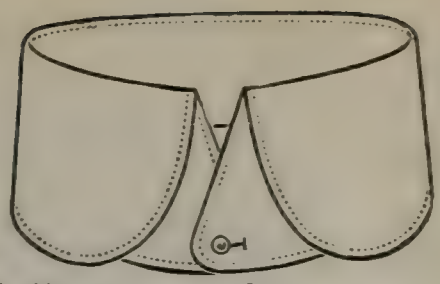
What We Do For 3c!



You'd be surprised if you could follow one of your collars through our many modern laundering machines.

First after washing and starching, your collar goes to the "ironer", then the "edger", and forward in turn through the "seam dampener", "moulder", and "shaper" until the "hot tube" puts on the desired domestic finish.

All this for 3 Cents

We-ve a reputation for doing collars *right*. You'll like our work.

SOUDER--The Standard Name for Clean Cleaning

LEAVE your cleaning and dyeing problems to Souder. Don't worry about them--let Souder do the worrying. Your garments will get just the kind of care and attention that you would give them, if you knew the "how" and "why" of good cleaning.

Too Much Light

is what young people are apt to say about the electric on certain nights in the week. But it can be turned off in a jiffy and on again too if needed. In fact for effectiveness, convenience and safety there's nothing like the electric light. To be wtihout it in your room with proper study lamps you are behind the times.

Varsity Fifty-Five

YOU may prefer some other model than our

HART SCHAFFNER & MARX
VARSITY FIFTY-FIVE

We can show you plenty of other good models in the same fine product.

Young men, generally, however, like these best; and most men are young in clothes ideas.

You don't realize until you see the clothes how much we can give you in value for $22
